DIVISION D—DEPARTMENTS OF LABOR, HEALTH AND HUMAN SERVICES, AND EDUCATION, AND RELATED AGENCIES APPROPRIATIONS ACT, 2010

The Departments of Labor, Health and Human Services, and Education, and Related Agencies Appropriations Act, 2010, put in place by this division incorporates the following agreements of the managers. Funds for the individual programs and activities within the accounts in this division are displayed in the detailed table at the end of the statement of the managers for this Act. Funding levels that are not displayed in the detailed table are identified within this statement of the managers. All references within this explanatory statement to the Recovery Act mean the American Recovery and Reinvestment Act of 2009 (Public Law 111–5).

In implementing this conference agreement, the Departments and agencies should be guided by the language and instructions set forth in House Report 111–220 and Senate Report 111–66 accompanying the bill, H.R. 3293. In cases where the language and instructions in either report specifically address the allocation of funds, each has been reviewed by the conferees and those that are jointly concurred in have been endorsed in this explanatory statement.

In cases in which the House or the Senate report requests or directs the submission of a report, such report is to be submitted to both the Committees on Appropriations of the House of Representatives and the Senate.

Section 516 sets forth the reprogramming requirements and limitations for the Departments and agencies funded through this division, including the requirement to make a written request to the Committees on Appropriations of the House of Representatives and the Senate 15 days prior to reprogramming, or to the announcement of intent to reprogram funds in excess of 10 percent or \$500,000, whichever is less, between programs, projects, and activities.

Departments and agencies funded in this division shall submit statements on the effect of this Act to the Appropriations Committees within 45 days of enactment of this Act, pursuant to section

518. The Committees on Appropriations of the House of Representatives and the Senate expect that these statements will provide sufficient detail to show the allocation of funds among programs, projects, and activities, particularly in accounts where the final appropriation is different than that of the budget request. Further, these statements also shall include the effect of the appropriation on any new activities or major initiatives discussed in the budget justifications accompanying the fiscal year 2010 budget.

TITLE I

DEPARTMENT OF LABOR

EMPLOYMENT AND TRAINING ADMINISTRATION

TRAINING AND EMPLOYMENT SERVICES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$3,828,530,000 for Training and Employment Services instead of \$3,802,961,000 as proposed by the House and \$3,798,536,000 as proposed by the Senate. Of the amount appropriated, \$1,772,000,000 is an advance appropriation for fiscal year 2011 as proposed by both the House and the Senate.

Within the total for the Dislocated Worker Assistance National Reserve, the conference agreement does not include bill language to allow up to \$30,000,000 of this appropriation to be made available to the Career Pathways Innovation Fund as proposed by the Senate. The conferees urge the Secretary to give favorable consideration to grant applications from States whose allotment for dislocated worker employment and training activities in Public Law 111–8 was less than their allotment for such activities in Public Law 110–161. The conference agreement includes bill language to suspend section 173(e) of the Workforce Investment Act (WIA). Section 173(e) of the WIA facilitated the transition from the Job Training Partnership Act formula to the WIA formula; however, the WIA formula has been in effect for a decade and the transition is complete. The conferees note that suspending this provision will allow more funds to be available to respond to natural disasters and mass layoffs. Neither the House nor the Senate proposed a similar provision.

The conference agreement designates \$78,410,000 for migrant and seasonal farmworker formula grants instead of \$78,610,000 as proposed by the House and \$78,310,000 as proposed by the Senate. In addition, the conference agreement designates \$5,700,000 for migrant and seasonal farmworker housing instead of \$5,500,000 as proposed by the House and \$5,800,000 as proposed by the Senate.

Within the amount provided for Pilots, Demonstrations and Research, the conference agreement includes \$30,000,000 for a new competitive grant program to provide transitional jobs activities instead of \$35,000,000 as proposed by the House and \$40,000,000 as proposed by the Senate. The conference agreement provides an additional \$15,000,000 for these activities within the Reintegration of Ex-Offenders program, resulting in a total of \$45,000,000 for transitional jobs activities. The conferees direct the Department of Labor to consult with the Department of Health and Human Serv-

ices' Administration for Children and Families in designing the grant competition and awarding grants, consistent with House Report 111-220. In addition, the conferees note that funds should be used to leverage other resources to support program growth, consistent with Senate Report 111-66. The conference agreement includes bill language allowing up to 10 percent of funding for transitional jobs activities to be available for evaluation of such projects or transferred to the Department of Health and Human Services or the Department of Justice for support of transitional jobs activities as proposed by the Senate. The House bill included a provision to ensure that a sufficient portion of funds available for transitional jobs activities would be used for an evaluation of the program.

Within the amount provided for Pilots, Demonstrations and Research, the conference agreement also includes \$5,500,000 as proposed by the House to continue a program of competitive grants to address the employment and training needs of young parents. The Senate did not include funds for this activity. The Department should continue to award these competitive grants based on the criteria outlined in House Report 110-231.

The conference agreement includes \$48,889,000 for the following projects in the following amounts:

Within the funds provided for Reintegration of Ex-offenders, the conference agreement includes \$15,000,000 for transitional jobs activities as proposed by the House. The Senate included funds for transitional jobs activities within the Pilots, Demonstrations and Research program. The conference agreement designates that funds shall be available for obligation on April 1, 2010 as proposed by the Senate. The House proposed that funds shall be available for obligation on July 1, 2010. The conferees expect the Department of Labor to consult with the Department of Justice in awarding competitive grants for transitional jobs activities.

The conferees support the Department's proposed spending priorities for the Reintegration of Ex-offenders program, as identified in the congressional budget justification. Given that the conference agreement adopts a funding level below the request, the conferees request that an operating plan be submitted to the Committees on

Appropriations of the House of Representatives and the Senate not later than 45 days after enactment of this Act.

The conference agreement establishes a separate line item for the Career Pathways Innovation Fund. The Career Pathways Innovation Fund replaces the Community-Based Job Training Grants program, which previously received funding under the Dislocated Worker Assistance National Reserve. The conference agreement includes a set-aside of not less than \$65,000,000 for competitive grants that prepare workers for careers in the health care sector as proposed by the House. The Senate did not include a set-aside within the Career Pathways Innovation Fund.

The conferees note that from November 2000 to November 2009 manufacturing employment in the United States declined by more than 5.5 million jobs. The conferees encourage the Secretary to consider competitive grant opportunities to train and place returning veterans, the underemployed, high school graduates, and traditional manufacturing employees so they can achieve the skills necessary to fill jobs in growing sectors of the high skilled, high tech and precision manufacturing industry.

The conferees direct the Department of Labor and the Department of Health and Human Services to establish an interagency taskforce and submit a strategic plan for addressing emerging needs in the health care sector, consistent with House Report 111-220.

COMMUNITY SERVICE EMPLOYMENT FOR OLDER AMERICANS

The conference agreement includes \$825,425,000 for Community Service Employment for Older Americans (CSEOA) instead of \$615,425,000 as proposed by the House and \$575,425,000 as proposed by the Senate. Within the total, \$225,000,000 is available upon the enactment of this Act and shall remain available through December 31, 2011. Neither the House nor the Senate proposed a similar availability period.

The conferees are aware that additional resources provided in the Recovery Act are insufficient to meet the needs of low-income older workers adversely impacted by the recession. Many CSEOA grantees are maintaining waiting lists for available community service jobs but are unable to fill those jobs due to funding limitations. In determining those current grantees that can effectively use funds made available immediately in this Act, the Secretary should take into account demonstrated need, financial management, and sustained and satisfactory performance.

STATE UNEMPLOYMENT INSURANCE AND EMPLOYMENT SERVICE OPERATIONS

The conference agreement includes \$4,113,681,000 for State Unemployment Insurance and Employment Service Operations instead of \$4,097,056,000 as proposed by the House and \$4,113,806,000 as proposed by the Senate.

The conference agreement includes \$60,000,000 for in-person reemployment and eligibility assessments and unemployment insurance improper payment reviews. This amount includes \$50,000,000 available for these purposes through a discretionary spending cap adjustment established in the fiscal year 2010 con-

gressional budget resolution. In addition to increasing support for in-person reemployment and eligibility assessments, the Department should continue to make a portion of these funds available for technology-based overpayment prevention, detection, and collection activities. In fiscal year 2009, the Department funded State requests for technology-based projects through a combination of the discretionary spending cap adjustment and the appropriation for State Operations for Unemployment Insurance. The conferees encourage continuation of this practice.

The conference agreement includes \$12,000,000 within One-Stop Career Centers and Labor Market Information funding to carry out the language in Senate Report 111-66 regarding disability-related employment planning and activities. The Senate proposed \$12,000,000 for these activities, along with an additional \$12,000,000 in the Office of Disability Employment Policy (ODEP) account. The House proposed \$10,000,000 in ODEP for similar activities.

ADVANCES TO THE UNEMPLOYMENT TRUST FUND AND OTHER FUNDS

The conference agreement includes such sums as necessary for Advances to the Unemployment Trust Fund and Other Funds as proposed by both the House and the Senate. The conference agreement also includes bill language to reestablish the longstanding policy of making funds in this account available for two fiscal years. Neither the House nor the Senate proposed a similar provision.

PROGRAM ADMINISTRATION

The conference agreement includes \$147,656,000 for Program Administration instead of \$146,406,000 as proposed by the House and \$148,906,000 as proposed by the Senate.

EMPLOYEE BENEFITS SECURITY ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$154,861,000 for the Employee Benefits Security Administration instead of \$154,060,000 as proposed by the House and \$155,662,000 as proposed by the Senate.

EMPLOYMENT STANDARDS ADMINISTRATION

SALARIES AND EXPENSES

(INCLUDING RESCISSION AND TRANSFER OF FUNDS)

The conference agreement includes \$493,506,000 for the Employment Standards Administration (ESA) instead of \$486,756,000 as proposed by the House and \$498,956,000 as proposed by the Senate.

The conferees support the Administration's reorganization of ESA to eliminate overlapping leadership and management positions. The conference agreement includes bill language to allow funds identified in the table accompanying this Act for ESA Program Direction and Support to be reallocated among the agencies

included in this account or transferred to any other account within the Department for the same purposes. Neither the House nor the Senate proposed a similar provision.

The conference agreement rescinds \$50,000,000 from unobligated funds collected pursuant to section 286(v) of the Immigration and Nationality Act instead of \$65,000,000 as proposed by both the House and the Senate. The rescission is effective on September 30, 2010 as proposed by the House. The Senate proposed that the rescission be effective on September 1, 2010. Sufficient funds will remain to enable the Department of Labor to conduct enforcement activities under the current legislative authority. The conference agreement also includes bill language in section 524 to provide additional authority for ESA to conduct enforcement programs and activities that focus on industries likely to employ nonimmigrants.

ADMINISTRATIVE EXPENSES, ENERGY EMPLOYEES OCCUPATIONAL
ILLNESS COMPENSATION FUND

The conference agreement includes \$51,900,000 for the Energy Employees Occupational Illness Compensation Program Act (EEOICPA) instead of \$51,197,000 as proposed by both the House and the Senate. The funding level reflects expansion of the Office of the Ombudsman's responsibilities to include claimants for benefits under Part B of the EEOICPA, as authorized by the National Defense Authorization Act for fiscal year 2010.

OCCUPATIONAL SAFETY AND HEALTH ADMINISTRATION
SALARIES AND EXPENSES

The conference agreement includes \$558,620,000 for the Occupational Safety and Health Administration (OSHA) instead of \$554,620,000 as proposed by the House and \$561,620,000 as proposed by the Senate.

Within the funds provided for Federal Enforcement, the conferees intend for the Department to use the increase above the fiscal year 2009 funding level to continue a multi-year process of rebuilding OSHA's enforcement capacity and increasing the pace of standard setting.

The conference agreement includes bill language designating that grants to States shall be no less than 50 percent of the costs of State occupational safety and health programs required to be incurred under plans approved by the Secretary as proposed by the House. The Senate proposed that grants to States may be up to 55 percent of the costs of State occupational safety and health programs.

The conferees strongly urge the Secretary not to permanently redistribute any of the additional State Plan grant funding provided under this appropriation for which a State is unable to provide its required match in fiscal year 2010 because of the pressures on State budgets. The Secretary is further urged to adopt past agency practice that would allow each State an opportunity next fiscal year to match and receive funding that is available but was not matched this fiscal year.

The conferees believe that after every effort is made to allow State grant funds to be matched by States—consistent with past

agency practice—any remaining funds that cannot be matched in fiscal year 2010 by States should be reprogrammed for Federal enforcement activities, consistent with section 516 of this Act. Utilizing maximum flexibility to respond to individual State issues related to the match requirement, or reprogramming for Federal enforcement, will meet the goal of increasing resources that can lead to improved workplace safety and health for America's workers.

The conferees include \$1,000,000 within OSHA to continue a recordkeeping enforcement initiative on injury and illness recording, consistent with Senate Report 111-66. The House did not include a similar provision.

MINE SAFETY AND HEALTH ADMINISTRATION

SALARIES AND EXPENSES

The conference agreement includes \$357,293,000 for the Mine Safety and Health Administration (MSHA) instead of \$353,193,000 as proposed by the House and \$357,143,000 as proposed by the Senate.

The conference agreement includes \$2,000,000 over the budget request for MSHA to increase spot inspections in the active workings of coal mines for the purpose of obtaining compliance with section 202 of the Federal Coal Mine Health and Safety Act of 1969. The conferees expect MSHA to submit quarterly reports on enforcement of section 202 of such Act, including findings from the spot inspection program, to the Committees on Appropriations of the House of Representatives and the Senate. Within the amount available for standards development, the conference agreement provides sufficient funding for MSHA to conduct risk assessments for the proposed rules to reduce miners' exposure to respirable coal mine dust and silica and related regulatory activities.

The conferees direct the Secretary to provide sufficient resources for the National Mine Safety and Health Academy and MSHA's Approval and Certification Center, consistent with Senate Report 111-66. The conference agreement continues to recognize the Joseph A. Holmes Safety Association as a principal safety association as proposed by the Senate. The conference agreement does not make this recognition permanent as proposed by the House.

Within the amount provided for Program Administration, the conference agreement provides \$1,450,000 for an award to the United Mine Workers of America to continue a project, initiated with the fiscal year 2008 appropriation, for classroom and simulated rescue training for mine rescue teams as proposed by the Senate. The House did not include a similar provision.

BUREAU OF LABOR STATISTICS

SALARIES AND EXPENSES

The conference agreement includes \$611,447,000 for the Bureau of Labor Statistics (BLS) instead of \$611,623,000 as proposed by the House and \$611,271,000 as proposed by the Senate.

The conference agreement continues bill language providing that the Current Employment Survey shall maintain the content of the survey issued prior to June 2005 with respect to the collection

of data for the women worker series as proposed by the House. The Senate did not include a similar provision. The conferees include \$1,300,000 within BLS funding to continue efforts to improve injury and illness data, consistent with Senate Report 111-66. The House did not include a similar provision.

OFFICE OF DISABILITY EMPLOYMENT POLICY

SALARIES AND EXPENSES

The conference agreement includes \$39,031,000 for the Office of Disability Employment Policy (ODEP) as proposed by the Senate instead of \$37,031,000 as proposed by the House.

The conference agreement includes \$12,000,000 within ODEP funding to carry out the language in Senate Report 111-66 regarding disability-related employment planning and activities. The Senate proposed \$12,000,000 for these activities, along with an additional \$12,000,000 in the ETA account. The House included \$10,000,000 in the ODEP account for similar activities.

DEPARTMENTAL MANAGEMENT

SALARIES AND EXPENSES

(INCLUDING TRANSFER OF FUNDS)

The conference agreement includes \$355,154,000 for Departmental Management instead of \$350,154,000 as proposed by the House and \$357,154,000 as proposed by the Senate.

International Labor Affairs Bureau

The conference agreement includes \$92,669,000 for the International Labor Affairs Bureau (ILAB) instead of \$91,419,000 as proposed by the House and \$93,919,000 as proposed by the Senate. The conference agreement also includes new language providing ILAB with an extra quarter to obligate funding for its technical assistance programs and authority to support microfinance activities. The conferees take this action to better enable ILAB to design its international labor activities, confirm government support for proposed programs and collaborate closely with the State Department and other program partners in effectively utilizing this appropriation.

The conference agreement designates \$40,000,000 for the United States' contribution to the International Labour Organization's International Program for the Elimination of Child Labor in order to expand this successful effort. The conference agreement also designates \$20,000,000 to continue the program of basic education grants in countries where the growing numbers of children removed from abusive and exploitative child labor need access to basic education, to be administered in accordance with Senate Report 111-66.

In addition, the conference agreement designates \$6,500,000 to continue support for the implementation of model programs designed to address worker rights in countries with which the United States has trade preference programs as proposed by the House. The Senate included a similar directive in its report.

The conferees also support the Department's proposed spending priorities for research, policy, reporting, and administration—as identified in the congressional budget justification. The increased funding level over fiscal year 2009 is sufficient to support an additional 12 full-time equivalents (FTE)—consistent with House Report 111–220—including 4 FTEs for the Office of Child Labor, Forced Labor, and Human Trafficking.

Legal Services

For Legal Services, the conferees agree that the increased funding level over fiscal year 2009 is intended to include adequate enforcement support for the Mine Safety and Health Administration.

OFFICE OF JOB CORPS

The conference agreement provides \$1,708,205,000 for the Office of Job Corps instead of \$1,705,320,000 as proposed by the House and \$1,711,089,000 as proposed by the Senate.

The conference agreement includes sufficient funds, together with funds from previous fiscal years, to support construction of a new Job Corps center previously approved through the competitive bidding process. The conference agreement also includes sufficient funds to initiate a competition for two new Job Corps centers. In the selection process, the conferees direct the Department to follow guidance provided in House Report 111–220 and Senate Report 111–66 regarding the criteria to be considered in selecting two new sites.

VETERANS EMPLOYMENT AND TRAINING

The conference agreement includes \$256,127,000 for Veterans Employment and Training instead of \$257,127,000 as proposed by the House and \$255,127,000 as proposed in the Senate.

GENERAL PROVISIONS

OPERATING PLAN

The conference agreement continues a provision prohibiting the obligation of funds for demonstration, pilot, multiservice, research, and multistate projects under section 171 of the Workforce Investment Act prior to the submission of a report on the planned use of such funds as proposed by the House. The Senate did not include a similar provision.

WORKFORCE INVESTMENT ACT PROVISIONS

The conference agreement continues a provision requiring that the Secretary of Labor take no action to amend the definition established in 20 CFR 667.220 for functions and activities under title I of the Workforce Investment Act of 1998 or to modify the procedure for designation of local areas as specified in that Act until such time as legislation reauthorizing the Act is enacted as proposed by the Senate. The House did not include a similar provision.

TRANSFER PLAN

(INCLUDING TRANSFER OF FUNDS)

The conferees direct the Secretary to submit a plan for the transfer of the administration of the Job Corps program from the Office of the Secretary to the Employment and Training Administration as proposed by the House. Not less than 30 days after submitting the plan to the Committees on Appropriations of the House of Representatives and the Senate, the Secretary may transfer the administration and appropriation of the Job Corps program from the Office of the Secretary and the provisions of section 102 of Public Law 109-149 shall no longer be applicable. The Senate bill contained a similar provision.

TITLE II

DEPARTMENT OF HEALTH AND HUMAN SERVICES

HEALTH RESOURCES AND SERVICES ADMINISTRATION

HEALTH RESOURCES AND SERVICES

The conference agreement includes \$7,498,522,000 for health resources and services, of which \$7,473,522,000 is provided as budget authority and \$25,000,000 is made available under section 241 of the Public Health Service Act instead of \$7,331,817,000 as proposed by the House and \$7,263,799,000 as proposed by the Senate.

The conference agreement includes bill language designating \$1,000,000 of funding for Rural Flexibility Grants to telehealth services, including pilots and demonstrations using electronic health records to coordinate rural veterans care with the Department of Veterans Affairs VISTA-Electronic Health Record. The Senate proposed \$2,000,000 for this activity. The House did not propose funding.

The conference agreement includes \$800,000 within Rural Outreach Grants for the community health integration models demonstration authorized in the Medicare Improvements for Patients and Providers Act of 2008 as proposed by the Senate. The House did not propose to fund the demonstration.

The conferees intend that telehealth funding may be used for new and existing regional and national resource centers that focus on operational clinical, statutory, or regulatory barriers to the delivery of telehealth services including credentialing and licensure and the establishment of one or more resource centers focused on telehomecare. The Senate proposed similar language. The House did not propose language.

The conference agreement does not include bill language allocating funding for base grant adjustments for existing community health centers as proposed by the House. The Senate did not propose a similar provision.

The conference agreement includes no less than the fiscal year 2009 funding level for Native Hawaiian Health Care activities within the Community Health Centers program as proposed by the Senate. The House did not propose similar language.

DEPARTMENTAL MANAGEMENT

PROGRAM ADMINISTRATION

The conference agreement includes \$456,200,000 for Program Administration instead of \$452,200,000 as proposed by both the House and Senate. The conferees direct the Department to establish an Educational Opportunity and Equity Commission, as outlined in House Report 111-220. The Senate did not propose this provision.

GENERAL PROVISIONS

IMPACT AID

The conference agreement includes a general provision as proposed by the Senate amending Public Law 110-161 to make available certain Impact Aid basic support payments to several school districts in Illinois for an additional two years. The House did not propose a similar provision.

PALAU

The conference agreement includes a general provision that extends Palau's eligibility for certain education programs through the end of fiscal year 2010. Neither the House nor the Senate proposed a similar provision.

STATE INCENTIVE GRANTS

The conference agreement includes a new general provision making a technical amendment to section 14006 of Public Law 111-5 pertaining to State Incentive Grants. Neither the House nor the Senate proposed a similar provision.

SCHOOL BUILDING FAIRNESS ACT

The conference agreement does not include a general provision as proposed by the Senate amending S. 1121, the School Building Fairness Act of 2009, to include provisions pertaining to public school libraries. The House did not propose a similar provision.

TITLE IV

RELATED AGENCIES

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE

OPERATING EXPENSES

The conference agreement includes \$857,021,000 for the operating expenses of the programs administered by the Corporation for National and Community Service (the Corporation) instead of \$792,179,000 as proposed by the House and \$864,316,000 as proposed by the Senate. Funding for the National Service Trust is provided in a separate appropriations account as proposed by both the House and Senate.

As proposed by the Senate, within the total for the National Senior Volunteer Corps, the maximum total dollars that may be used in fiscal year 2010 for Grants.gov/eGrants support, Training

and Technical Assistance, and Recruitment and Retention activities shall not exceed the amount provided for these activities in fiscal year 2009. The House did not propose similar language.

As proposed by the Senate, the conferees direct that any assignments made under section 1708 of the Serve America Act relating to programs authorized under the Domestic Volunteer Service Act shall be published in the Federal Register and, following normal procedure, allow for a 90-day comment period. Further, the conferees direct the Corporation to detail any such assignments in its annual budget justification. The House did not propose similar language.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$50,000,000 for the Social Innovation Fund as proposed by the Senate instead of \$35,000,000 as proposed by the House.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$1,000,000 for the nonprofit capacity building program instead of \$2,000,000 as proposed by the Senate. The House did not propose funding for this program.

Within the total provided for Innovation, Assistance, and Other Activities, the conference agreement includes \$4,000,000 for the Volunteer Generation Fund instead of \$8,000,000 as proposed by the Senate. The House did not propose similar language. The conference agreement includes bill language making the full amount available on a competitive basis to State Commissions. Neither the House nor the Senate proposed similar language.

The conference agreement does not concur in the Senate proposal to include funding within the Corporation for competitive grants under the Volunteer Generation Fund focused on identifying and enrolling eligible individuals into already existing Federal, State, and local benefit programs. Rather, \$2,000,000 is included for this activity within the Department of Health and Human Services Administration for Children and Families. The House did not propose similar language.

Within the total provided for Learn and Serve America, the conference agreement includes \$2,000,000 for the newly authorized Summer of Service program as proposed by the House. The Senate did not propose funding for this program.

NATIONAL SERVICE TRUST

(INCLUDING TRANSFER OF FUNDS)

As proposed by the Senate, the conference agreement includes \$197,000,000 for the National Service Trust, to be available until expended, instead of \$178,214,000 as proposed by the House.

The conference agreement does not concur with the House proposal to include language designating that \$1,000,000 within the total for the National Service Trust is for education awards for Summer of Service program participants. The Senate did not propose similar language. The conferees note that Summer of Service program participants are entitled to education awards, therefore language carving out dollars specifically for these program participants is unnecessary.

SALARIES AND EXPENSES

The conference agreement includes \$88,000,000 for the Corporation for National and Community Service Salaries and Expenses as proposed by the Senate instead of \$80,923,000 as proposed by the House.

ADMINISTRATIVE PROVISIONS

CHANGES THROUGH RULEMAKING

The conference agreement continues to include language that the Corporation for National and Community Service (the Corporation) shall make any changes to program requirements, service delivery, or policy only through public notice and comment rulemaking to include service delivery changes in the administration and/or governance of national service programs as proposed by the House. The Senate proposed language that the Corporation notify the House and Senate Appropriations Committees 15 days prior to making any significant changes to the programs or policies.

COMBINED MATCHING OF GRANTS

The conference agreement continues to include language that combines separate matching requirements for AmeriCorps grants as proposed by the House. The Senate did not propose similar language.

CORPORATION FOR PUBLIC BROADCASTING

The conference agreement includes a fiscal year 2012 advance appropriation of \$445,000,000 for the Corporation for Public Broadcasting (CPB) instead of \$440,000,000 as proposed by the House and \$450,000,000 as proposed by the Senate.

In addition, the conference agreement provides fiscal year 2010 appropriations for CPB totaling \$86,000,000 instead of \$101,000,000 as proposed by the House and \$71,000,000 as proposed by the Senate. Of the total fiscal year 2010 funding in the conference agreement, \$25,000,000 is for fiscal stabilization grants to public radio and television stations, which have experienced a downturn in revenues due to the recession that has resulted in job losses and reductions to local programming and services. The House proposed \$40,000,000 and the Senate proposed \$10,000,000 for this purpose. In addition, the conference agreement includes bill language providing that fiscal stabilization grants shall be awarded to public radio and television licensees no later than 45 days after enactment of this Act based on the guidance outlined in House Report 111-220. The remaining fiscal year 2010 appropriations include \$36,000,000 for digital transition grants and \$25,000,000 to complete the replacement of the public radio interconnection system.

FEDERAL MEDIATION AND CONCILIATION SERVICE

SALARIES AND EXPENSES

The conference agreement includes \$46,652,000 for the Federal Mediation and Conciliation Service instead of \$47,000,000 as pro-

posed by the House and \$46,303,000 as proposed by the Senate. Within the amount provided, the conference agreement includes \$349,000 for the Labor-Management Grants program to remain available through September 30, 2010, instead of \$650,000 as proposed by the House to remain available through September 30, 2011.
